Re: Reclamation Surety
Delta Mine
ACT/015/020

Dear Mr. Mecham:

To this date the Division has not yet received the fully executed Escrow Agreement to cover reclamation surety for the Delta Mine, which was estimated to be \$7,440.83.

As you are probably aware final approval cannot be issued to this operation until the surety requirements have been met. Consequently, until final approval is issued no mining operations may lawfully take place at this mine.

The Division feels that it would be to your advantage to submit the fully executed escrow agreement so that the filing process for this mine will be complete and final approval be granted.

If you have any questions regarding this matter, please feel free to contact this Division.

Sincerely,

RONALD W. DANIELS
COORDINATOR OF MINED
LAND DEVELOPMENT
